500 kWh energy storage cabinet quotation

Overview

What is a Megatron 500KW battery energy storage system?

MEGATRON 500kW Battery Energy Storage Systems are AC Coupled BESS systems offered in both the 20' containers. Each BESS is on-grid and can be AC coupled to existing PV systems making it an ideal solution for commercial/industrial customers.

How many kWh can a 20feet container hold?

All components for battery storage, system operation and grid connection is pre-assembled for a plug and play use. It can meet the battery storage requirements up to 1013kWh in one 20feet container. Suitable for various applications such as peak shaving, frequency regulation, EV Charging, Solar + Storage, Micro-Grid.

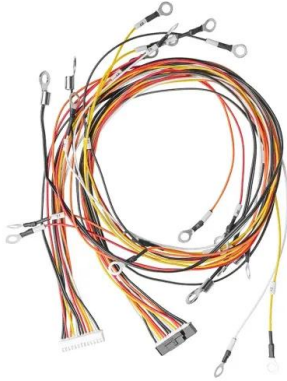

How many kW is a Bess container?

Each BESS container has a 500kW inverter output making it easy for completing your renewable energy project. Multiple functionality modes allows simple switching between Grid and PV . All system systems are offered in either 400VAC or 480VAC 3 phase.

Why should you choose enjoypowers as your energy storage PCS manufacturer?

As a renowned Chinese commercial and industrial energy storage PCS manufacturer, Enjoypowers eagerly anticipates close collaboration with EMS-capable system integrators to provide high-reliability, low-cost energy storage solutions.
