

European Solar and Energy Storage Solutions

Argentina wattsonic battery

Overview

Who is wattsonic battery?

Wattsonic Battery shall be one of the few companies who invest a lot into LFP raw materials basic research with around 100 patents owned like standard 10,000 cycles superior LFP battery, low temperature charging LFP technology, high C rate fast charging and discharging LFP technology.

What is wattsonic residential three phase hybrid AIO ESS?

Confidence comes from giant energy. Thanks to innovative battery modular designing and wide range battery voltage input on hybrid inverter, Wattsonic residential three phase hybrid AIO ESS can configure from 6kW up to maximum 20kW with superior flexibility to each projects demand. With intelligent AIO kit, installation difficulty is minimized too.

How long does wattsonic battery last?

Together with multi functions to make the battery more durable, Wattsonic battery can realize 10,000 cycles at 90% DOD and 1C/1C continual charge& discharge. We still has 10 years long standard warranty. Our after-sales person will gladly help you if you have any problems. IP65 protection. Wattsonic battery passed IP65 test.

Is wattsonic Li LV battery safe?

Low voltage safety connection. Wattsonic Li-LV series battery is a kind of low voltage battery, which means it will be relatively safer than the high voltage product. There is a large power fluctuation on battery charge/discharge.

Who makes wattsonic storage solutions?

The Wattsonic residential and industrial storage solutions are manufactured by China State Shipbuilding Corporation Limited (CSIC), a military factory focus on warship and nuclear submarine with toughest standard quality control system. and we're struggling for technology innovation to move our

business success.

How does wattsonic slow down the battery charging process?

But Wattsonic put great efforts in slowing down the process. Module level auto-balancing: While Charging: Charge the battery to the same level first, then continue to charge uniformly; while discharging, discharge the battery to the same level and the discharge it together. Extend user care and experience to next level.

Wattsonic Li-HV Battery Series-Product-Wattsonic

The 5kWh wall mounted/free stand LiFePO4 battery module is an excellent choice for your system. No extra BMS needed, the battery can be paralleled to realize a bigger capacity up to 25kWh. Internal technology helps to save more energy and to extend the battery have longer life-time to 10000 cycles at 90%DOD.

Wuxi Wattsonic Energy Technology Co.,Ltd

As a technology-driven company and a professional provider of solar storage solutions, Wattsonic focuses on battery and inverter technology, battery management system research, and a wide range of energy storage system R& D. Wattsonic also operates factories

and specialized research and development centers.

Wattsonic Li-LV Battery

Pokud hledáte baterie, které by odpovídaly vašemu systému, máte k dispozici baterie Wattsonic Li-LV. Baterie jsou kompatibilní s předními světovými standardy a poskytují perfektní funkci hned po zapojení bez nutnosti dalších úkonů. Komplexní konstrukce a integrace ochranných funkcí zaručují bezpečnost.

Wattsonic Li-LV LFP Battery Series User Manual

Warning: Install Wattsonic Li-LV Battery at a height that prevents damage from flooding.
 Warning: Operating or storing Wattsonic Li-LV Battery in temperatures outside its specified range might cause damage to Wattsonic Li-LV Battery.
 Warning: Do not expose the Wattsonic Li-LV Battery to ambient temperatures above 60°C

About Wattsonic-Wattsonic

Wattsonic specializes in battery storage for both residential facility and commercial enterprises. We produce electricity storage with the most modern battery cells: prismatic LiFePO4 cells with superior cycling and safety performance. The intelligent cell control is certified by Dekra.

Serie de baterías Li-LV Wattsonic-Wattsonic

Las baterías Li-LV Wattsonic ofrecen una opción si es que buscas baterías compatibles con tus sistemas. Con la aprobación de los líderes mundiales de inversores, te aseguran que tus baterías funcionarán bien tan pronto como las conectes sin ningún tipo de operación adicional.

Spark ideas and build a greener world

Wattsonic Battery, a technology driven company founded by an experienced engineers team focus on LFP technology basic research and completed ESS R& D and production for more than two decades, and our LFP battery are known for 10,000 cycles(90% DOD) superior life-span with 10 years standard quality warranty, and currently Wattsonic has built a fully integrated ...
