Overview

Is Solara a green energy company in Armenia?

THIS IS NOW! Solar photovoltaic installation company SOLARA has adopted a strategy to carry out activities in the field of the green economy in Armenia and promote its development. Why Choose Solara?

There is a great potential for solar energy in Armenia.

Who makes solar panels in Armenia?

Solaron is the first manufacturer of solar panels in Armenia, which annual production capacity reaches about 60 megawatts. Brand "Solaron" is a registered trademark for products manufactured by Profpanel. In Solaron Company merged a team of highly qualified professionals with many years of experience in the business organization from scratch.

Why is solar energy important in Armenia?

There is a great potential for solar energy in Armenia. Its effective use is beneficial both economically and in other spheres of social life and everyday life. SOLARA company offers modern solar solutions, that provide exceptional efficiency, save a lot of money. Every project with us is successful.

Where is Solaron available in Armenia?

Solaron's services are available throughout all regions of Armenia. Solaron is the first manufacturer of solar panels in Armenia, which annual production capacity reaches about 60 megawatts. Brand "Solaron" is a registered trademark for products manufactured by Profpanel.

How many projects has Solaron completed in Armenia?

Over the course of 8 years, Solaron has successfully launched and completed more than 1400 projects both in Armenia and abroad. Innovation is at the core of Solaron's approach, and we actively integrate innovative technologies and

solutions into projects. Solaron's services are available throughout all regions of Armenia.

How many solar panels does Solaron produce a year?

Our annual production capacity of solar panels is 60 MW. Over the course of 8 years, Solaron has successfully launched and completed more than 1400 projects both in Armenia and abroad. Innovation is at the core of Solaron's approach, and we actively integrate innovative technologies and solutions into projects.
