Product Model

HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions

1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity

215KWH/115KWH

Battery Cooling Method

Air Cooled/Liquid Cooled

Overview

What is Atrius sustainability & Atrius energy?

Product Line Spotlight: Atrius Sustainability and Atrius Energy enable teams to manage energy performance by giving deeper utility visibility at the building and portfolio level. Richer detail means more data to measure progress towards sustainability and cost-efficiency goals.

What makes Atrius unique?

Atrius brings the best of our technologies into an integrated suite of products where the whole is greater than the sum of the parts. We are creating solutions that empower the built environment and deliver value in three key areas: building performance, enterprise operations, and personal experiences.

What is Atrius & how does it work?

Atrius offers an extensive suite of apps that turn outdated buildings into intelligent spaces and reshape how people experience them. Enable your buildings to sense, think, and act. Part of the Intelligent Spaces Group at Acuity Brands.

Why should you choose Atrius?

Reduce energy, embrace sustainability, unlock efficiency, and enhance experiences. Atrius transforms your building into an intelligent, responsive environment that benefits owners, operators, and occupants.

What is Acuity Brands Atrius?

Atrius brings together a suite of existing Acuity Brands capabilities for building performance, enterprise operations, and personal experiences—all centered around helping organizations reimagine the potential of their spaces.

What is Atrius locator?

Product Line Spotlight : Atrius Locator enables near real-time asset management with tracking and visibility technology. The solution creates digital twins of how employees and guests use physical items throughout your spaces.
