## Overview

---

What does aypa power do?

Aypa Power develops, owns, and operates utility-scale energy storage and hybrid renewable energy projects that assist in the decarbonization of our grid. As an independent power producer, our company was founded with the purpose of reducing our reliance on fossil fuels.

Can aypa revolutionize the way we power our communities?

Together, we can revolutionize the way we power our communities. Aypa is a pioneering developer, owner, and operator of energy storage and renewable hybrid projects.

What makes aypa a great company?

We value our team members for their unique talents and abilities, and we embrace and encourage their differences in every aspect of their work — our people are the foundation of our success. Aypa is a pioneering developer, owner, and operator of energy storage and renewable hybrid projects.

Why should you choose aypa?

We believe that our people will make the right choices, and recognize that creating an environment of mutual trust improves productivity. Together, we are revolutionizing the way we power our communities. Aypa is a pioneering developer, owner, and operator of energy storage and renewable hybrid projects.
