BESS & Design review in the Caribbean as independent ...

We are reviewing and supporting the approval of the final system design before construction can start (Plant layout, plant components, plant controller, BESS), including testing, commissioning and O& M procedures.

Battery Energy Storage Systems (BESS) Consulting

BESS can store energy from various sources such as the electrical grid and renewables. By storing energy from the grid during off-peak periods when electricity rates are lower, BESS can discharge this stored energy back into the grid during peak periods when demand is higher. Battery energy storage systems' benefits include:
