## Unsere Geschäftsfelder

H2 Energy unterstützt HHM tatkräftig bei der strategischen Marktplanung und baut ein flächendeckendes Wasserstoff Ökosystem in der Schweiz auf. Weitere Informationen finden Sie hier. Non-Automotive. H2 Energy entwickelt, produziert und vertreibt Brennstoffzellenlösungen für verschiedene Non-

Automotive-Anwendungen.

## About , Hydrogen Energy Scandinavia AB

H2 Energy AB was founded by a group of scientists from Royal Institute of Technology, KTH Stockholm, in cooperation with some experienced businessmen, all with vast experience in thermochemical and industrial processes. We want to develop and deliver components, engineering and complete processes for hydrogen production.

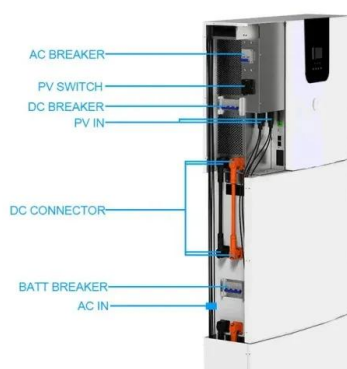

## Hydrogen Equipment and Technologies » HHO / Green H2 Bulgaria

At the end of 2021, we launched the Green H2 Bulgaria project. We started as an integrator of green hydrogen production solutions. We now offer a full service - from design, equipment selection, assistance in securing financing to the supply of Electrolysers, Fuel Cells and Green Hydrogen Storage Systems.

## Pla?te za elekt?inu m?n? , H2-ENERGY

Rozhodli jste se pr?v? investovat do fotovoltaiky, nebo hled?te novou baterii k va?í sol?rní

elektrárn?? Díky na?emu vysokokapacitnímu akumulátoru si energii ze slunce uložíte na pozd?ji, p?epo?lete své rodin?, soused?m nebo t?eba prodáte do sít?.V rámci ceny poskytujeme servis a opravu, a navíc monitorujeme celkový stav v?etn? nap?tí a teploty.

## H2-View News: First hydrogen refuelling station opens in Bulgaria

H2-View News: First hydrogen refuelling station opens in Bulgaria 2024-05-10T16:37:33+00:00  
The station is capable of refuelling at 350 and 700 bar through two inputs, one connected to an electrolyser with a capacity of 8.5kg of hydrogen per day, and the second from bottled groups from other sources to allow for greater refuelling capacity if

## Bulgaria's first H2 charging station inaugurated, a significant

Bulgaria celebrated a significant step towards green mobility with the inauguration of its first H2 charging station. Led by the Competence Center "HITMOBIL," this new facility could revolutionize the country's green transportation landscape.

## Home

BGH2A is dedicated to enabling the establishment and operation of hydrogen valleys in Bulgaria and Southeast Europe, showcasing

clean hydrogen's potential for people, industry, and the environment. Our focus lies in accelerating innovation, particularly in transport and industry, as we work toward achieving net-zero emissions by 2050.

## Hydrogen Bulgaria for Clean Energy Solutions

Our state-of-the-art facilities harness renewable energy sources such as solar and wind power to produce hydrogen through electrolysis, ensuring minimal carbon footprint and maximum efficiency. At Hydrogen Bulgaria, we understand the urgent need to address climate change and reduce reliance on fossil fuels.

## Our business fields - H2energy

Automotive. H2 Energy has solved the classic chicken-and-egg problem (no hydrogen vehicles without hydrogen refueling stations and vice versa). The joint introduction of Hyundai's hydrogen trucks through our joint venture Hyundai Hydrogen Mobility brings a constant, predictable consumer to the market, which alone can provide enough sales to make hydrogen refueling ...

renewable hydrogen for grid balancing, surplus energy storage, and potentially exports to EU states, aligning with broader European strategies.
