

European Solar and Energy Storage Solutions

Caleffi solar Australia

Overview

What is Caleffi air eliminator?

Caleffi Air Eliminator High Temperature for Solar Hot Water Systems 10mm
The Caleffi Solar Rated Air Vent automatically vents air from your flat plate or evacuated tube system. Its robust design is.

What is a Caleffi freeze protection valve?

Caleffi Freeze Protection Valve for Solar Hot Systems Frost Protection Valve 10 x 15mm | 603 The Caleffi Frost Protection Valve was used by various solar hot water manufacturers to meet the.

What is Caleffi 15mm (1/2 inch) 603040 anti-freeze valve?

Overview CALEFFI 15mm (1/2inch) 603040 solar frost protection anti-freeze valve for solar thermal systems to protect hot water storage. Prevents ice built-up in domestic water circuits avoiding possible damage to water storages and pipes in hydraulic, solar and irrigation systems.

Caleffi solar Australia

Caleffi Group , Caleffi S.p.a.

Caleffi S.p.A. develops and manufactures components for heating and cooling systems, heat recovery ventilation, hydraulic and domestic water products and components for the new technologies of renewable energy; heat pumps, biomass, solar and geothermal. Caleffi S.p.A. also heads the Caleffi Group.

Valves for Solar Systems , Valves and Fittings , All Valve Industries

The Caleffi Solar product range has been specially developed for use in solar thermal systems, where high temperatures can normally be reached and where, depending on the kind of ...

CALEFFI Air Eliminator Vent Valve 10mm 3/8" for Solar Water ...

CALEFFI 10mm (3/8") Solar Automatic Air Eliminator Vent Valve 250032. Made in Italy. Australian Watermark approved. Technical Details. Manufacturer: CALEFFI, Made in Italy Model: 250032, 10mm (3/8") Air Vent Valve Specifications: Maximum Operating Temperature: 180°C; Maximum Pressure Rating: 1000 kPa; Thread Size: 3/8" BSP (10mm) tapered

Solar Components , Caleffi S.p.a.

What drives the adoption of solar hot water systems? Are there specific factors that signal th

CALEFFI Solar Hot Water Anti Frost Protection Valve 15mm 1/2

CALEFFI 15mm (1/2inch) 603040 solar frost protection anti-freeze valve for solar thermal systems to protect hot water storage. Prevents ice built-up in domestic water circuits avoiding possible damage to water storages and pipes in hydraulic, solar and irrigation systems.

specially developed for use in solar thermal systems, where high temperatures can normally be reached and where, depending on the kind of system. Materials and performance of the components must necessarily take into account these particular operating conditions.

Solar

Coffee with Caleffi(TM) Devices for solar thermal systems. Pump Stations. Solar pump station (single and dual line) Drainback solar pump station. Replacement pump. Mixing Valves. Adjustable thermostatic mixing valve. Air Vents. Automatic air vent. DISCALAIR®, Automatic air vent (high performance)

Solar Tempering Valve: Quality Caleffi Performance

Suitable for solar and instantaneous hot water systems. Certification AS 4032.1. Maximum working pressure: 14 bar. Medium temperature range: 2-100 °C. Adjustment temperature range: 35-55 °C. Finish: chrome. Caleffi Idronics Magazines; delivering unrivalled industry

knowledge.

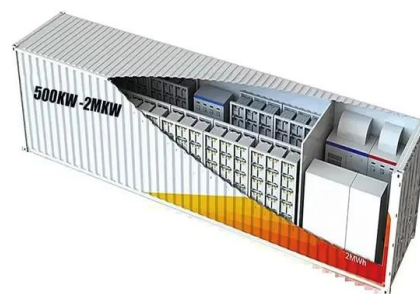

Componenti per impianti ad energia solare, geotermica, biomassa , Caleffi

Componenti per impianti ad energie rinnovabili / Attuatori elettrotermici, Collettori per impianti idrosanitari, Collettori e gruppi di regolazione per impianti a pannelli, Dispositivi di controllo per impianti sanitari, Gruppi di controllo ed espansione per accumuli ACS, Gruppi di sicurezza per impianti idrosanitari, Miscelatori elettronici, termostatici, Regolatori termostatici per ricircolo

Automatic air vent for solar thermal systems. , Caleffi ...

Automatic air vent for solar thermal systems. Complete with: - automatic air vent for solar thermal systems; - shut-off cock complete with seal. Connection: G 3/8" A (ISO 228-1) M. Maximum working pressure: 10 bar. Maximum air discharge ...

Caleffi , Caleffi Solar , Caleffi Solar Heat

Caleffi started in Gozzano, Italy and then moved its headquarters to Fontaneto d'Agogna, where it

is today. The company initially manufactured brass and steel fittings and accessories for other valve manufacturers. They have always had high quality and efficiency standards, maintained by their quality control system.

CALEFFI 603040 Solar Hot Water FPV Anti Frost Protection Valve ...

Made in Italy. Model: 603040. - CALEFFI 603040 Frost Protection Valve. Manufacturer: CALEFFI, Made in Italy. Thread Size: 1/2" BSP (15mm) Female thread (15FI). Intended Use: Solar water heaters in frost prone area.

Group

Caleffi S.p.A. develops and manufactures components for heating and cooling systems, heat recovery ventilation, hydraulic and domestic water products and components for the new technologies of renewable energy; heat pumps, biomass, solar and geothermal. Caleffi S.p.A. also heads the Caleffi Group.

Solar Tempering Valve: Quality Caleffi Performance

High performance adjustable anti-scald tempering valve with check valves and strainers at the inlets. Suitable for solar and instantaneous hot water systems. Certification AS 4032.1. Maximum working pressure: 14 bar. Medium ...
