Cameroon cyberpower battery backup

Overview

Is Cyberpower a good battery backup?

Including a sleek new design, this UPS is perfect for all your home office and entertainment needs. With a \$150,000 connected equipment guarantee and a three-year warranty, you can trust CyberPower's commitment to the quality of this Battery Backup with Surge Protection.

What is Cyberpower battery backup with surge protection?

With a \$150,000 connected equipment guarantee and a three-year warranty, you can trust CyberPower's commitment to the quality of this Battery Backup with Surge Protection. Supplies power long enough for equipment to properly shut down when utility power fails. Helps prevent loss of data and minimizes the component stress caused by a hard shutdown.

Will Cyberpower repair or replace equipment if a power surge is damaged?

CyberPower will repair or replace properly connected equipment if it is damaged by a power surge. The CyberPower SX950U uninterruptible power supply (UPS) system provides surge protection for lightning-induced surges and other power events that can damage electronic equipment.

Will Cyberpower replace a defective UPS system?

CyberPower will replace a defective UPS system (including batteries) within three years of the purchase date. See warranty for details. CyberPower will repair or replace properly connected equipment if it is damaged by a power surge.

Why should you use a battery backup unit?

This unit delivers enough battery backup to connected electronics during a utility power failure, so you can perform a graceful shutdown to protect against the loss of data and damage to valuable electronics including computers, gaming consoles, and broadband routers.
