Conti CityPlus

Continental's special expertise in materials is, among other things, reflected in its sustainable tire innovations. For example, the technology company presented its latest concept tire Conti CityPlus to the public for the first time at the IAA MOBILITY 2023 in Munich. Its focus is on particularly energy-efficient driving in urban traffic. But

Continental Energy Solutions (@cesnrg) o Instagram photos and ...

Last week, we had the opportunity to host a site visit for a 6.5 MW solar project. Attendees included office employees and interns from our family of companies: Continental Energy Solutions, Continental Electrical Construction Company and FourGen Holdings. The visit was a firsthand look at how our daily efforts contribute to something much larger.
