Based on our own R&D strength, our independently-manufactured photovoltaic modules have been licensed by testing and certification institutes including TUV and GS; besides, we have been entitled as a Tier-1 PV Module Manufacturer by Bloomberg New Energy Finance (BNEF) and recognized as a Top Performer upon testing by DNV-GL, an influential and .

From October 22 to 24, SUMEC ENERGY's brand PHONO (hereinafter referred to as SUMEC ENERGY PHONO) made its debut at Energia Finland with innovative, reliable and sustainable PV module products and energy transition solutions.

PHONO is a global leading manufacturer of high-performance photovoltaic products. It is affiliated to SUMEC Group, a subsidiary of Fortune 500 corporation, China National Machinery Industry Corporation Ltd (Sinomach). Under the “dual wheel drive” of technological innovation and brand strateg.

PHONO is a global leading solar products and services provider. It is affiliated to SUMEC Group, a subsidiary of Fortune 500 corporation, China National Machinery Industry Corporation Ltd (Sinomach).Who makes sumec solar panels?

Sumec Group in turn is a subsidiary of the China National Machinery Industry Corporation (also known as Sinomach). Sinomach was founded in 1997 in Beijing and is a Chinese state owned enterprise. Phono Solar was created in 2008 with a focus on manufacturing polycrystalline and subsequently monocrystalline solar panels.

Are sumec phono solar panels reliable?

Awarded EUPD Top PV Brand in Australia for the fourth year in a row meaning that Sumec Phono Solar is trusted by installers around Australia. Our panels consistently rank as Top Performers in the annual PV Module Reliability Scorecard due to exceptional reliability in independent testing by PVEL and DNV GL.

Who is sumec phono solar?

Sumec Phono Solar pioneers Diamond Module Technology and drives innovation through a TÜV SÜD certified Research and Development Testing Laboratory. Sumec Phono Solar's Nanjing facility boasts a cutting-edge testing lab with advanced equipment for comprehensive quality control.

Where are sumec solar power plants located?

Sumec Group Corp has developed several large-scale solar power plants across China, including the 100 MW Zhangbei Solar Power Plant in Hebei Province and the 50 MW Shangqiu Solar Power Plant in Henan Province. The company's solar energy projects are designed to maximize energy output while minimizing environmental impact.

Who makes photovoltaic products?

PHONO is a global leading manufacturer of high-performance photovoltaic products. It is affiliated to SUMEC Group, a subsidiary of Fortune 500 corporation, China National Machinery Industry Corporation Ltd (Sinomach). Under the “dual wheel drive” of technological innovation and brand strateg.

Who is sumec energy?

SUMEC Energy is a global and comprehensive clean energy solution provider. SUMEC Energy is committed to providing customers with one-stop energy solutions including energy supply, energy management, energy conservation and energy storage.

Does Sumec have any photovoltaic panel manufacturers

Australia's top 10 solar panel and inverter ...

A list of Australia's top solar panel and inverter manufacturers has been published by solar energy analyst Sunwiz, as well as details of buying trends throughout 2022.. Rooftop solar panels. By the end 2022, Sunwiz ...

American-made solar panels: Who are the top ...

First Solar Ohio-based First Solar is the largest manufacturer of solar panels in the U.S., producing about 50% more panels than the next-biggest American-made brand. The company mainly produces panels for commercial ...
