'Enough is enough' say staff of the Dominica State College

Dominica is a failed state, with a people living off government hand outs. The goverment wants to keep you poor, drive your young smart kids off island and continue to steel you blind. This is the 'Dominica State College', not some cheap Chinese solar lights. Keep the cronies at headquarters and meet with the people. Like or Dislike: 0

Persons who damage solar street lights warned of

But if each home in Dominica had a small solar panel, charge controller, battery and lighting system maybe we wouldn't all be in the dark the next time a hurricane passes through. It certainly looks like there is enough of these lights to give every household a solar system. Like or Dislike: 0 0. Reply.

Dominica

Dominica is a multiparty parliamentary democracy. The prime minister is the head of government. The House of Assembly elects the president, who serves as the head of state. In the 2019 election, Prime Minister Roosevelt Skerri's Dominica Labour Party prevailed over the opposition United Workers Party by a margin of 18 seats to three.
