Creating a legacy needs a long-term view, it means being hands-on and putting people at the core. Our end-to-end approach means Exagen are on the ground every step of the way, developing, building and operating with the future in mind.

Exagen group Slovenia

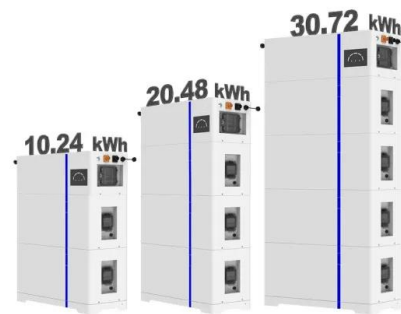

Driving our business through technology

As a technology-led company, our engineers are always exploring new ideas, working closely with global manufacturers to bring new and sustainable developments in renewables to market. It's just one of the ways that keeps Exagen at the forefront of renewable energy solutions.

Exagen bought out by Octopus Energy Generation

Exagen Group, a significant player in the UK solar and energy storage sector, has received a full buyout from British energy titan Octopus Energy Generation. The 100% equity buyout, which was carried out on behalf of the Octopus Energy Development Partnership (OEDP) fund, managed by Octopus, follows an August 2022 investment by Octopus in
