French Southern Territories - ClassX

The French Southern Territories are largely uninhabited, with the exception of scientific personnel and military personnel. The population varies from 150 to 310 people throughout the year, depending on the research activities. There are no permanent residents, and the people who do live there temporarily are mostly French scientists, engineers

Q& A: Web billionaire describes his plan to shoot for

the stars

The idea of using spacecraft with solar-powered sails is actually very old, but until recently it was purely theoretical. Over the past 20 years there has been significant progress in microelectronics, nanomaterials, and laser technology that means we can now have a sensible conversation about making a gram-scale starship and accelerating it to

Saft supplying BESS to France's first grid-connected

colocated solar

Saft will provide a modular, plug-and-play 8MW/8MWh BESS to Neoen's solar PV project in Antugnac, southern France. The battery storage will perform frequency regulation ancillary services for the grid of national transmission operator RTE after Neoen won a seven-year contract through RTE's AOLT tender process.
