Gabon nautilus solar

Overview

Who is Nautilus solar energy?

So sign up today. Nautilus Solar Energy is a pioneer in community solar, providing clean energy to homes and businesses across the US. With a strong presence and a dedicated team, we are committed to creating a sustainable future for all.

Is Nautilus solar a good alternative energy option?

And, you won't need to make a major investment in solar panels on your roof or put a new electric car in your driveway to have the same effect. That's why Nautilus Solar is the best choice in alternative energy. All it takes is a few minutes and no dollars to join and you can do your part for the planet.

Should you join Nautilus solar?

For example, if you made no changes in your lifestyle and joined Nautilus Solar, you could benefit the planet as much as 200 mature trees absorbing CO₂. So, you could plant a forest and wait about 50 years, or you could spend 8 minutes joining Nautilus Solar. Your bills won't be higher. They will actually be lower.

Who owns Nautilus?

Join our commitment to making a difference for our planet. Co-Founders Jim Rice and Laura Stern meet at a local Starbucks and sketched out their vision on the back of a napkin. Acquired by Power Sustainable, a wholly owned subsidiary of Power Corporation of Canada, Nautilus expands quickly using its institutional-scale permanent capital.

What does the Nautilus logo mean?

Similarly, our logo is inspired by the chambered nautilus shell, symbolizing grace, growth, expansion, and renewal – all key elements of our journey at Nautilus Solar Energy.

Why is it called a nautilus?

The Nautilus name stems from the USS Nautilus, the world's first operational nuclear-powered submarine, reflecting our co-Founder Jim Rice's background as a Navy Submarine Veteran.
