Yingkou Jinchen Machinery Co., Ltd. Company Profile

Yingkou Jinchen Machinery Co., Ltd., also known as Jinchen Corporation, is a Chinese high-tech enterprise specializing in innovative solutions for vacuum coating technology, automation technology, and equipment intelligence. The company's high-end intelligent equipment is widely used in the new energy and new materials industries, providing

Yingkou Jinchen Machinery Co., Ltd. , Production Equipment

Jinchen is one of the global leaders in PV high-efficiency cells and module manufacturing equipment as well as process service products. Jinchen is also a practitioner of China's national "carbon peak" and "carbon neutral" goals.

Company Yingkou Jinchen Machinery Co., Ltd.

Yingkou Jinchen Machinery Co Ltd is a China-based company principally engaged in the manufacturing of high-end smart semiconductor devices. The Company's main business is the research and development, design, manufacturing, sales, and related services of high-end intelligent equipment, as well as providing industry intelligent manufacturing solutions ...

range of services from product ...

Yingkou Jincheng Machinery Co., Ltd.

Yingkou Jincheng Machinery Co., Ltd., located in the old industrial bases in northeast China, Yingkou City, Liaoning Province. The company covers an area of 20, 000 square meters, has 10, 000 square meters of the standard plant. It was built in 1994 and currently employs 228 people.

Yingkou Jincheng Machinery Co., Ltd. (SHA: 603396) Company ...

Yingkou Jincheng Machinery Co., Ltd. focuses on vacuum coating technology, automation technology, and equipment intelligent solutions worldwide. It offers high-efficiency solar cell equipment & solutions, including TOPCon high-efficiency solar cell tube PECVD solutions, heterojunction solar cell PECVD solutions, solar cell injection machine, AOI

Company Profile-jincheng co.,ltd.

Jincheng is one of the global leaders in PV high-efficiency cells and module manufacturing equipment as well as process service products. Jincheng is also a practitioner of China's national "carbon peak" and "carbon neutral" goals.
