

European Solar and Energy Storage Solutions

Hammond power solutions Sudan

Overview

Who is Hammond power solutions?

Someone from our company will respond ASAP Hammond Power Solutions (HPS) is a leader in the design and manufacture of custom electrical engineered magnetics, as well as a leading manufacturer of standard electrical dry-type, cast resin and oil-filled transformers.

What type of transformer does Hammond power solutions offer?

Hammond Power Solutions offers thousands of standard dry-type transformers from 25VA to 5MVA. The company's cast coil units go up to 8MVA, 33kV class. Hammond Power Solutions' liquid-filled transformers can be from 50kVA to 50MVA and up to 132kV class. Designs are cost-effective and our transformers are built with modern manufacturing techniques.

Who are the national companies of Hammond power solutions?

national Companies: PETE - Hammond Power Solutions P (Cast Coil & VPI) Hammond Power Solutio (VPI & Cast Coil) Hammond Power Solutio (VPI & Cast Coil) Delta Tran ransformers (EVI) Hammond Power Solutions, S.p.A.

How many kV can a Hammond power solution transformer be?

Hammond Power Solutions' liquid-filled transformers can be from 50kVA to 50MVA and up to 132kV class. Designs are cost-effective and our transformers are built with modern manufacturing techniques. Testing facilities in all manufacturing locations ensure product quality.

What services does Pete-Hammond provide?

d Service CapabilityPETE-Hammond provides comprehensive transformer service to ensure that your transformers operate at ptimum performance. Our field service team provides preventative maintenance that minimizes future unscheduled downtime and extends the lif

Hammond power solutions Sudan

Nuestra Compañía

Hammond Power Solutions (HPS) se fundó en 1917 y ha seguido creciendo como líder norteamericano en el diseño y la fabricación de transformadores eléctricos de tipo seco de alta calidad y dispositivos magnéticos relacionados. La empresa es también un importante productor de productos estándar que se construyen según las especificaciones

Hammond Power Solutions Introduces Smart Transformers with ...

Hammond Power Solutions (HPS), a recognized manufacturer of dry-type transformers and power quality solutions, has introduced HPS Smart Transformers, featuring integrated Industrial Internet of Things (IIoT) power monitoring. These transformers, available for medium and low voltage applications, enable predictive maintenance by providing real-time ...

Our Company

We engineer and manufacture a wide range of standard and custom transformers that are exported globally in electrical equipment and systems. We support solid industries such as oil and gas, mining, steel, waste and water treatment, commercial construction, data centers and wind power generation.

Transformer Product Catalog

Hammond Power Solutions Inc. Data subject to change without notice. INTRODUCTION THE COMPANY Established in 1917, Hammond Power Solutions Inc. (HPS), is an industry leader in magnetic transformer design and development. With our headquarters in Guelph, Canada, HPS operates out of multiple facilities globally.

Hammond Power Solutions Awarded Top Spot in 2024 TSX30 ...

Hammond Power Solutions Inc. ("HPS") (TSX: HPS.A) a leading manufacturer of dry-type transformers and power quality solutions, announced the recognition as the top-performing company in the 2024 TSX30 ranking, highlighting the top-performing companies on the Toronto Stock Exchange.

Hammond Power Solutions Inc. (HPS-A.TO)

Hammond Power Solutions Inc., together with its subsidiaries, engages in the design, manufacture, and sale of various transformers in Canada, the United States, Mexico, and India. It offers custom electrical magnetics, cast resin, custom liquid filled distribution and power transformers, and standard electrical transformers to the electrical

Our Global Solutions

PETE-Hammond offers a variety of Oil Filled, VPI and Cast Resin transformers. With thousands of designs up to 50MVA, we are able to meet all of your application challenges. PETE-Hammond

designs and manufactures the following transformer types: Oil Filled Transformer VPI Transformer Cast Resin Transformer o Power Transformers (138 kV) up to 50 MVA

Our Difference

HPS offers a broad range of standard products as well as unique custom transformer solutions. These products are put into active service in dozens of industries in over 50 countries. We service this global client base with 1200 employees, 12 manufacturing facilities ...

Test certification
CE  FC 

Hammond Power Solutions Americas

Hammond Power Solutions Inc. is one of the largest manufacturers of dry-type transformers in North America supporting clients in oil and gas, mining, steel, waste and water treatment, and renewal energy. HPS transformers and reactors are engineered to regulate power to conveyors, robotics, machine tools and other production-line equipment

Hammond Power Solutions Signs Definitive Agreement to

...

GUELPH, Ontario, September 23, 2024 -- Hammond Power Solutions Inc. ("HPS") (TSX: HPS.A), a leading manufacturer of dry-type transformers and power quality solutions, today

announced that it has entered into a definitive agreement to acquire the assets relating to the operations of Micron Industries Corporation ("Micron Industries"), a company based in the United States.

Contacto

HPS respeta su privacidad. Por favor, revise nuestra Política de Privacidad que describe el tipo de información que recopilamos, cómo la utilizamos y que usted puede optar por no recibir nuestras comunicaciones en cualquier momento.

Industries

HPS offers the broadest variety of transformer and reactor solutions for the oil and gas market. Whether it's a standard reactor, a modified Land Drilling Duty transformer, a Class 1, Div. II encapsulated transformer or a custom medium voltage power unit, HPS has the experience to provide a magnetics solution for your application.

HPS Transformer Savings Analyzer

Hammond Power Solutions Inc. ("HPS") makes no guarantee, representation or warranty in connection with the accuracy or the use of the analyzer. Any calculations and results generated by the analyzer are estimates. Actual costs, savings and usage may differ from the actual results of your specific situation/application.
