Overview

What is Hydro Rein doing with GreenGo energy?

Hydro Rein has signed agreements with GreenGo Energy to acquire and develop two early phase solar projects in Southern Sweden. The projects have combined 118 MW capacity and are in area SE4, with land lease agreements signed. Construction is expected to begin in 2027, with production starting in 2028.

Is Namibia a future hub for green hydrogen?

This move underscores our commitment to driving the transition to a sustainable, NetZero future by leveraging Namibia's unique potential as a future hub for green hydrogen. GreenGo Energy and Doral Energy are excited to see the construction of Project M110, a 60 MWp solar park in Urup, Denmark taking place.

Which projects are part of GreenGo energy's megaton project?

The projects are Stovstrup, Hemmet-Sønder Vium, Nørhede-Hjortmose and Vennervej, which are all part of GreenGo Energy's Megaton project. We are thrilled to announce our expansion into France, a significant milestone in our mission to drive forward the global energy transition.
