Huawei Photovoltaic Inverter 50kw Instructions

Overview

How to install Huawei inverter outdoors?

You are advised to install the inverter in a sheltered place or install an awning over it. The inverter will be corroded in salt areas. Before installing the inverter outdoors in salt areas, consult Huawei. A salt area refers to the region within 500 meters from the coast or prone to sea breeze.

What to do if a Huawei inverter fails?

The inverter detects its external working conditions in real time. After the fault is rectified, the inverter automatically recovers. 2. If the alarm occurs frequently and affects the power production of the PV plant, check whether the output is short-circuited. If the fault persists, contact Huawei technical support.

Will a Huawei inverter corrode in Salt areas?

The inverter will be corroded in salt areas. Before installing the inverter outdoors in salt areas, consult Huawei. A salt area refers to the region within 500 meters from the coast or prone to sea breeze. The regions prone to sea breeze vary with weather conditions (such as typhoons and monsoons) or terrains (such as dams and hills).

How do I fix a Huawei solar panel failure?

Turn off the AC output switch and then the DC input switch. After 15 minutes, turn on the AC output switch and then the DC input switch. If the fault persists, contact your supplier/Huawei technical support. Check the output resistance of PV arrays to ground. If there is a short circuit or lack of insulation, rectify it.

How do I fix a fan alarm on a Huawei inverter?

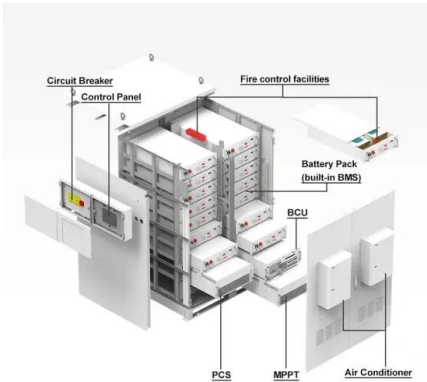

Reinstall the fan, turn on the DC switch, and wait for the inverter to start. If the alarm persists after 15 minutes, replace the external fan. Issue 03

How to connect a power inverter to a chassis?

Open the maintenance compartment door of the chassis before connecting cables. Do not perform any operation on other components inside the chassis except connecting the PE cable, AC power cables and communications cables. Before connecting cables, ensure that the inverter is secured in position and not damaged in any way.
