Why PD interpretation is different for machines than other ...

gstone@irispower . 2024 IRMC 1. Outline o Insulation systems in different types of equipment o How PD causes insulation aging: treeing and tracking o Impact of PD on organic insulation o Impact of PD on organic/inorganic composites o Inductive versus capacitive test objects

Let's Save Our Planet Together! , Iris Power: Your Partner for Solar

Iris Power specialize in Solar & Solar+Storage projects in the Commercial & Industrial (C& I) sector as well as Community Solar. Our team can help qualify your project from early stages ...

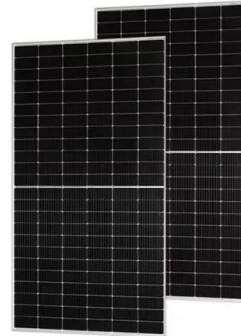

Welcome

About Iris Power. Iris Power, founded in 1990, offers sensors, monitors and diagnostic solutions for the assessment of the actual state of generators, motors, dry-type transformers and air-insulated switchgear, so that the risk assessed and the necessary maintenance can be planned.

Iris Power Company Profile , Management and Employees

List

Iris Power Profile and History Iris Power, founded in 1990, offers sensors, monitors and diagnostic solutions for the assessment of the actual state of generators, motors, dry-type transformers and air-insulated switchgear, so that the risk assessed and the necessary maintenance can be planned.

Iris Power LP Profile

Iris Power LP was established to provide high-quality products and services to improve maintenance capabilities for large motors and generators used by power utilities and heavy industries throughout the world. Iris Power was founded in 1990 and continues to be a globally recognized as a leader in condition based monitoring. Years of scientific research and ...

Iris Power DCR 60-2

A RAMPED HIGH VOLTAGE DC TEST FOR STATOR WINDING INSULATION Simple off-line test Lower risk of failing stator insulation than standard Hipot test Identify onset of fault mechanisms Diagnose damage and deterioration Quick, accurate and repeatable results Computer records voltage and current for future analysis SPECIFICATIONS Power Supply 85 ...

Iris Power FluxTraII-R 4208

The Iris Power FluxTraII-R 4208 technology is a third generation continuous on-line rotor magnetic flux monitoring system that revolutionizes the detection and alarming of the presence of shorted rotor turns in 2 and 4 pole rotors. This system collects and analyzes flux data from

Iris Power Epoxy Mica Capacitors

Iris Power Epoxy Mica Capacitors (80 pF) Iris Power Epoxy Mica Capacitors (EMCs) are designed to detect Partial Discharge (PD) activity in electrical equipment such as switchgear, isolated phase bus, and dry type transformers without imposing on the equipment operation or reliability in any way.

Partial Discharge Monitoring

About Iris Power. Iris Power, founded in 1990, offers sensors, monitors and diagnostic solutions for the assessment of the actual state of generators, motors, dry-type transformers and air-insulated switchgear, so that the risk assessed and the necessary maintenance can be planned.

Iris Power

Please visit <https://irispower> NiSAN Elektronik Enstrümantasyon San. ve Tic. A.?. is authorized representative of IRIS POWER. Please contact us for EL_CID Tests, partial Discharge, Rotor Flux and End-Winding Vibration, Shaft Voltages, Air Gap, DC Ramp and Delta Tests.

Company

About Iris Power. Iris Power was founded in 1990 and continues to be a globally recognized as a leader in condition based maintenance. Years of scientific research and practical field experience have yielded sensors and instruments that help professionals like you determine the true condition of large electrical machines, prioritize maintenance to prevent failures and extend the life of ...
