# Is door-to-door photovoltaic panel installation a scam

## Overview

---

Not all door-to-door solar sales are considered scams, but what they're pitching should be taken with a grain of salt.

Not all door-to-door solar sales are considered scams, but what they're pitching should be taken with a grain of salt.

While there are many good companies installing solar panels, some scammers try to trick homeowners out of money or personal information, BBB warns.

Fake utility representatives are a prevalent form of solar panel scam where scammers masquerade as state or utility representatives and target homeowners through door-to-door visits, emails, or pho. Are door-to-door solar sales a scam?

Not all door-to-door solar sales are considered scams, but what they're pitching should be taken with a grain of salt. Going solar is expensive and shouldn't be an impulse decision, no matter how pushy the salesperson is. "Legitimate companies will answer your questions," McGovern said.

How do I know if a solar company is a scam?

Be wary of solicitors. Always verify the identity and credentials of anyone claiming to represent a solar company. Unscrupulous solar companies may employ aggressive or dishonest sales tactics to close deals quickly, especially if the proposed solar installation isn't in your best interest.

Are 'free solar panels' a scam?

Oops! We'll be right back. Sorry, something went wrong. Rest assured, we are working hard to fix the problem as soon as possible. In the meantime, try refreshing this page or visiting our homepage. If you've received an offer for "free solar panels," it could be a scam.

How do I protect myself from solar scams?

Protecting yourself from solar scams means taking a proactive approach and following a few key strategies. One of the most effective ways to protect yourself from solar scams is to know the average cost of solar panels in your area. By researching prices, you can identify quotes that are suspiciously high or low.

Are solar reselling models a scam?

Unfortunately, as the popularity of solar energy increases, so does the number of solar scams. Reselling models are among these scams that target homeowners. Be cautious of finance scams and false advertising as well.

Do solar salespeople knock at your door?

Dealing with door-to-door salespeople is annoying, no matter what they're selling. But the solar industry is full of bad actors, with solar salespeople knocking at your door with misleading offers and overpromised savings. Solar salespeople might try to lure you in with promises of free solar panels and limited-time special deals.
