Is free installation of photovoltaic panels a scam

Utility-Scale ESS solutions

Overview

If you've received an offer for "free solar panels," it could be a scam. Always look for businesses you can trust - like Accredited Businesses using the BBB Seal. Are free solar panels a scam?

Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy.

Is going solar a scam?

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll cost to get and install solar panels. Here's how to steer clear of the scams: Do some research.

Are free solar panels worth it?

"Free" solar panels will save you money because energy from solar power is usually less expensive than energy from the electrical grid. Keep in mind, however, that these savings from solar energy are possible regardless of if your solar panels are leased versus purchased. The long-term cost savings help you determine if solar panels are worth it.

Are government solar panels free?

Samah Shaiq, a Department of Energy spokesperson, directed USA TODAY to an article the agency published regarding inaccurate claims about free government solar panel offers. "The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested," reads the article.

Do Americans get free solar panels?

American homeowners might be eligible for federal tax credits for solar installations or state subsidies for solar energy, but not free panels. The U.S. government does not provide free solar panels, said a U.S. Department of Energy spokesperson. The department urges people to report scams to the .

Are free solar panels a lie?

While the word “free” implies there are no associated costs, this is not usually the case with free solar panel offers. “I have never seen an advertisement offering free solar that is not a lie,” said Neil Gallagher of Brighterway Solar, a solar installation company in Florida.
