Island Tycoon Solar Power Station

Overview

Energy Transfer is a new feature in the Deep Ocean Expansion that is enabled with the Energy Transmitter. Energy Transfer is rather expensive, costing 175 maintenance and 30 ecobalance per Transmitter.

Can a tycoon build a power station?

First Tycoon energy production building, cheap to build, but does affect your ecobalance quite badly. The Coal power station requires coal to keep running. You will either need 1 Rotary excavator running at 100% or 1 Coal mine running at 50%.

Can a tycoon build a structure underwater?

Techs have the ability to use underwater craft and build structures underwater. In the standard game, Both Ecos and Tycoons can access the S.A.A.T. tech tree by recruiting Tier 3 employees, Tycoon or Eco Engineers, and paying 10,000 credits at their Ark.

How do eCos and tycoons access the tech tree?

In the standard game, Both Ecos and Tycoons can access the S.A.A.T. tech tree by recruiting Tier 3 employees, Tycoon or Eco Engineers, and paying 10,000 credits at their Ark. In custom games, the game settings can be configured to allow a player to access the Techs at the start of the game.

How many inhabitants does a thermal power station need?

All numbers are accurate to the third decimal place. The Thermal Power Station needs inhabitants living within its range. The more inhabitants nearby, the more power it generates. Maximum productivity is reached with 650 inhabitants. The following data does not include the maintenance and ecobalance impact of the upstream production chain.

What is a thermal power station?

The Thermal Power Station is the second Eco Power Plant, available to the player from 750 Eco Employees. Even though the construction menu states it

produces 70 units of power, it would not when constructed. It uses the waste from houses in its (small) influence area to produce electricity.

Do Tycoons use sand?

Tycoons have no other use for Sand. You can operate three Concrete Factories per Sand Extractor to achieve 100% sand utilization. Meat Factories are not affected by eco balance while Flavor Labs are, which can result in an imbalance to Convenience Food production chains.
