

European Solar and Energy Storage Solutions

Jersey american lithium energy corp

Overview

What is American Lithium Energy?

American Lithium Energy (ALE) is shipping the world's highest energy density silicon-based lithium-ion batteries with industry best safety and zero-volt stability. Existing lithium battery technologies cannot meet the rapidly growing demand for more powerful, longer-lasting, smaller, and safer batteries.

Where is American Lithium Energy headquartered?

ALE is headquartered in Carlsbad, California, USA where it performs all research, development and manufacturing operations in state-of-the-art facilities. [Get to Know American Lithium Energy - Our Vision, Mission, and Commitment to Advancing Sustainable Energy Solutions. Learn About Our Journey Towards a Greener Tomorrow.](#)

Why should you choose American lithium?

American Lithium is well-positioned to play a key role in society's shift to a secure, sustainable new energy paradigm in the Americas. With a focus on Nevada and Peru, the company has the advantage of both geographic and geological diversity in developing world-class, scalable projects.
