Jupiter energy storage Mali

Jupiter Power's largest utility-scale battery storage facility to date

Jupiter is backed by EnCap Investments L.P., Yorktown Partners and Mercuria Energy, and has offices in Austin, Texas, and Chicago, Illinois. Jupiter has invested over \$250million to date in a portfolio of utility-scale energy storage projects operating or in construction in the U.S., with a leading pipeline of over 12,000 MW in active development.

Jupiter Power Secures \$225 Million Corporate Credit Facility to

Jupiter Power announces the successful close of a \$225 million corporate credit facility. The transaction strengthens Jupiter Power's ability to advance its expanding U.S. portfolio, which includes one of the nation's largest energy storage development pipelines, totaling over 12,000 MW.

Jupiter Power launches 400MWh battery storage in Houston, Texas

It stands on the grounds of the former HL& P H O Clarke fossil fuel power plant and can accommodate an additional 400MW/800MWh of battery storage generation. Callisto I is part of Jupiter's broader strategy to expand its large-scale operational battery energy storage projects beyond West Texas and into Houston.
