## KMW Energy Inc

Starting with the lumber industry, KMW has worked with numerous customers across Canada and in the United States employing well developed, industry leading bioenergy systems that have fuelled the success of not only the mills in which they are installed but also the communities in which they are located.

## **KMW Energy® , Manufacturer of Biomass Combustion Systems ...**

KMW's proprietary reciprocating grate combustion system is the industries most proven, reliable, cost effective solution to converting biomass and waste derived fuel into energy. KMW custom designs and fabricates complete biomass boiler systems including fuel handling, combustion system, heat recovery boiler, emission control and control systems.

## **KMW Energy Group**

KMW Energy Group is a Canadian company established in 1987 and specializing in designing and supplying the KMW Energy Systems, which uses renewable biomass as fuel. At the heart of our systems is our combustion technology which, together with auxiliary equipment such as fuel, ash, and flue gas handling, heat recovery units, emission control and

## **An Introduction to our Equipment and Products**

This Canadian Gas and Electric Power Utility Plant is located in Alberta, Canada. The design includes two parallel wood fired packaged

boilers. 25 MW of electric power is produced. The total boiler output is 226,000 lbs./hr.

## KMW Energy Inc

KMW is a proud member of the team working with BIOCAP to define Canada's path to develop a world class, sustainable bioenergy industry in Canada. KMW works closely with our clients project management teams, engineering staff and professional advisors to evaluate and implement biomass energy projects.

## Notre Entreprise - KMW Energy® , Fabricant de Systèmes de ...

Fondée en 1947 et opérant en tant qu'entreprise canadienne indépendante depuis 1987, KMW possède une expérience et une histoire inégalées dans l'industrie des chaudières à biomasse. Avec 70 ans d'expérience dans l'ingénierie, la fabrication et la fourniture de systèmes de combustion et de chaudières à biomasse, KMW peut
