

European Solar and Energy Storage Solutions

Leoch lithium battery Czechia

Overview

What is a Leoch lithium battery?

With the core technologies of energy storage integration and application, the Leoch lithium battery focuses on household energy storage, network energy, power energy storage, intelligent energy, and more fields. Leoch has a professional BMS research and development team to meet the diversified energy demands of customers.

Who is Leoch battery?

LEOCH BATTERY is your trusted partner for industrial and commercial energy storage solutions. Our expertise covers every aspect of the industry, from cutting-edge research and development to top-notch manufacturing, robust sales, and comprehensive services. We proudly serve clients in over 150 countries and regions worldwide.

Where is Leoch battery made?

Leoch is the No. 1 lead acid exporter in China for the last 6 years, selling products to over 130 countries in the world while its annual turnover exceeds 1,95bil. US\$. Leoch mainly manufactures reserve power batteries, SLI batteries and motive power batteries.

What makes Leoch batteries special?

Leoch manufactures Premium Lead Acid and Lithium-Ion batteries with exceptional endurance during cyclic usage, long-life and high energy density to cover any renewable and energy storage requirement.

How reliable are Leoch batteries?

Leoch provides reliable batteries for golf trolleys or golf carts, or other deep cycle applications requiring extensive cycling from the batteries. As levels of environmental-consciousness increase, so does the demand for alternate sources of power.

Who uses Leoch battery solutions?

Five of the world's top ten carriers use the battery solutions of Leoch. Utilizing the industry's advanced production equipment, design concepts and production processes, we can ensure that our network solutions meet the needs of our customers in terms of service life, product performance and consistency.

Leoch lithium battery Czechia

Leoch Lithium 12V

Lithium-Ion Batteries offer extreme cyclic abilities compared to lead-acid batteries. For cyclic demanding applications LEOCH has developed Lithium-Iron (LiFePo4) batteries to replace 12V top terminal lead acid batteries offering 5000 cycles at 50% DoD, top terminal design and a wide range of capacities for easy "drop-in" replacement.

Corporate Profile

Leoch provides lead acid and lithium batteries for the motorhome & caravan sector and is active at all stages of the purchasing chain, providing both OEMs, distributors, and after-market suppliers with one of the largest ranges of ...

48V Lithium Iron Phosphate (LiFePO4) Batteries

LEOCH® 48V LFELI Series, Lithium Iron Phosphate (LiFePO4) batteries, have been built to withstand the most extreme environmental conditions, offering 2x the power, 20x longer cycle life and 5x longer design life. Batteries are equipped with a built-in BMS and can be mounted into 19" standard cabinets and placed into parallel connection for 48VDC, 1600AH [...]

Leoch Europe , Discover our full collection of batteries for all ...

Leoch specializes in the manufacturing, research and development of lead-acid and lithium batteries and has gained international recognition since its establishment in 1999, by ensuring uninterrupted and reliable operations in a wide range of critical applications for a broad spectrum of industries, including Telecommunications, UPS Systems

LEOCH

Leoch mainly produces reserve power batteries, SLI batteries and motive power batteries and they include series products such as AGM VRLA

batteries, VRLA-GEL battery, pure lead batteries, lead carbon battery, UPS high rate batteries, marine batteries, railway batteries, start-stop batteries, automotive batteries, motorcycle batteries, lithium battery, li-on battery, tubular ...
