

European Solar and Energy Storage Solutions

Moldova smt energy

Overview

How can Moldova improve the energy sector?

National regulatory framework (both primary and secondary) improved in line with Moldovan energy commitments, ensuring that national authorities are better prepared and can respond to emergency situations in the energy sector and to the needs of the most vulnerable energy users;

Who is responsible for the energy security activity in Moldova?

The four-year Moldova Energy Security Activity is implemented by Tetra Tech ES, Inc., with local and international subconsultants.

How can Moldova's energy system be integrated with Europe?

Improve physical and market integration of Moldova's energy system with Europe. Connecting Moldova's electricity system to the European grid is an important first step that will help create an open electricity market with neighboring countries and support fair and competitive procurement of cleaner energy.

What is USAID's Moldova energy security activity?

Through MESA, USAID will invest \$17 million over the next four years to help strengthen and diversify Moldova's energy sector, building long-term energy security that supports Moldova's sovereignty. The Moldova Energy Security Activity's key objectives include: Improve physical and market integration of Moldova's energy system with Europe.

Moldova has introduced a state of emergency in the energy sector

9 ????. From December 16, 2024, Moldova has introduced a state of emergency in the energy sector. The main reason for the emergency is that no one in Moldova knows whether Gazprom, the Russian state energy corporation, will continue supplying Russian gas to the Transnistrian region of Moldova after January 1, 2025. Therefore, Chi?in?u and Tiraspol are ...

Moldova's Energy Crisis Could Pave the Way for Reunification

15 ????. Unfortunately, it requires Moldova to first help Transnistria weather an energy crisis--and there are no easy options. In addition to the end of gas supplies via Ukraine, there was another reason for Moldova to introduce a state of emergency this month: a rise of almost 30 percent in the price of gas for domestic consumers.
