Moveit solar container Ghana

Overview

What is MOVEit's solar container?

MOVEit's solar container is a solution for mobile solar energy. Images © MOVEit Polish enterprise MOVEit Power has developed a novel and groundbreaking solution to the many situations in which quick and easy power is needed but the facility for a power station or connection to mains power is not possible.

What is a self-unloading mobile solar container?

Self-unloading mobile Solar Container. Our Solar Containers are designed in a way to maximize ease of operation. It's not only meant to transport PVs but also to unfold them on site. It is based on a 20' sea container. The efficient hydraulic system helps quickly prepare the Solar to work.

How does a mobile solar container work?

The mobile solar container can be brought on a single truck. It can then be lowered to sit flat on the ground with hydraulic lifting gear. Once on the ground, the folded-up solar unit first emerges from the top. And then, step-by-step, unpacks itself into a full working solar array.

Can I unload a solar container without a crane?

The remote controller is available as an option. Thanks to the lifting jacks, that are available separately, you can easily unload the container from the truck without the need to use the crane. See solar container – SunBOX 35A in action. Check out the video below to see the Mobile Solar Container preparation and unfolding process.

Why do petroleum companies use mobile solar containers?

Petroleum companies often operate in distant locations with limited access to grid power. This is where a mobile solar containers can act as an additional power source to run the equipment. Good choice for disaster reliefs whenever

it is important to deliver electricity as quickly as possible.

Why should you choose a mobile solar container?

Thanks to its robust hydraulics containers are always ready to unfold the panels within minutes. Convenient levers make it even easier to operate for only one person. Mobile Solar Container is also a great storage option for PV panels while not in use. Automatic hydraulic systems.
