

European Solar and Energy Storage Solutions

National Storage Photovoltaic Bracket Manufacturer

Overview

Why should you choose a solar PV mounting supplier?

As a solar PV mounting supplier, we provide you with high-quality solar panel ground mounting systems, including solid brackets and support structures so that you can install solar panels on the ground for reliable solar power generation.

Why should you choose trip solar mounting system manufacturers?

Trip Solar mounting system manufacturers insists on “Professional and Innovation” on solar bracket products (solar mounting bracket, solar roof mounting brackets, solar mounting structure, floating solar structure) research and development, provides effective guarantee to customers with “Professional”, and create more value with “Innovation”.

Who is solar racking company?

We are a professional solar racking design, manufacturing, and supply company based in Xiamen, China. We provide high-quality and reliable solar racking products. Our products include solar roof racking, ground racking, rooftop racking, automatic tracking systems, and many other types suitable for different types and sizes of solar power projects.

Can versol mount a photovoltaic power station?

Versol's V-Basic mounting system can be applied to photovoltaic power station in different terrain and environment. The product range includes a wide range of models and styles, and is highly adaptable.

How many production bases does solar power company have?

The company operates three major production bases, encompassing nearly 50,000 square meters of production area. Its main business includes various photovoltaic fixed ground mounting structure, distributed mounting structure, tracking photovoltaic mounting structure, building mounting structure, and

distributed power station development, etc.

What is the largest single unit PV project in the Philippines?

Signed the largest single unit PV project of 60MW in the Philippines. Japan's first tracker project is officially combined to the grid. Obtained title of Zhejiang Photovoltaic power generation system enterprise research institute. Signed domestic and foreign tracker projects orders over 500MW.
