Ring Capital o Orus Energy

Orus Energy is an electricity flexibility platform that enables commercial building managers to shift their flexible consumption to off-peak hours and be paid for balancing the electricity grid instead of using polluting power stations (gas, coal, fuel oil).

Horus Energy Australia

At Horus Energy, we are committed to driving the transition to a sustainable energy future. Specializing in residential and commercial solar solutions, solar storage batteries, EV chargers, and heat pumps, we empower homeowners, businesses, and communities to embrace clean, renewable energy technologies.

Paris-based Orus Energy secures EUR2.2 million to transform the way

The energy flexibility platform Orus Energy has raised a EUR 2.2 million pre-seed round to help decarbonize the power grid. The company has built a demand-side flexibility platform enabling commercial building operators to automatically shift energy consumption during peak energy periods.

Orus Energy

Orus Energy specializes in providing artificial intelligence to improve electrical flexibility in the energy sector. The company offers a platform that enables commercial buildings to participate in demand response programs, optimizing energy consumption and providing financial incentives for energy management.

Horus Energy

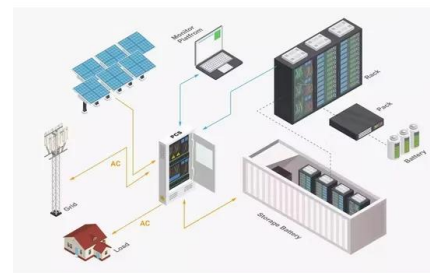

Horus è il frutto della collaborazione pluriennale dei due soci e di un team affiatato e consolidato di professionisti che opera nel mercato della progettazione, realizzazione e manutenzione di impianti fotovoltaici da oltre 10 anni. Il team vanta un track record di oltre 40 MWp realizzati e

di oltre 80 MWp di gestione e manutenzione in tutta Italia.
