

European Solar and Energy Storage Solutions

Photovoltaic panel fixture supplier

Overview

What types of solar lighting solutions do you offer?

We offer many solar lighting system solutions including solar street lights, solar sign lights, solar bus shelter lights, solar security lights, solar parking lot lights, solar flag pole lights, as well as others.

What are commercial solar LED lighting solutions?

Commercial solar LED lighting solutions are our specialty. Common applications include: See where you are going and improve road safety with solar street and roadway lighting systems. We protect businesses and customers by providing security through visibility.

What is a solar LED streetlight fixture?

Each solar LED streetlight fixture provides the needed lighting levels and distribution pattern to provide the perfect lighting solution to meet the application's requirements. Some solar streetlight fixtures feature Dark Sky, FWC, and Turtle Friendly options. Fixture arms range from short straight arms to long upswing side of pole brackets.

What is included in a solar panel?

Each product is supplied with a correctly sized solar panel comprised of high efficient solar cells, high capacity rechargeable AGM batteries, MPPT battery charge controller, weather-proof metal battery enclosure, and high powered LED light fixture.

Are solar lighting systems a good choice?

Solar lighting systems are the preferred option for many applications today due to the cost and availability of energy and new infrastructure. There are also several financial incentives in place that make solar lighting an attractive choice.

Where are solar mounts made?

Solar Mounts LLC proudly manufactures all of our solar mounting solutions in the USA. Composed of 100% Domestic USA steel, compliant with the inflation reduction act domestic solar content incentives.

Photovoltaic panel fixture supplier
