Freedom Solar employs a full-time staff of solar experts. If you have a question about your system or need maintenance, request service below! We currently offer Solar Panel Maintenance & Repair Services in the following cities: Austin, Waco, Dallas, Fort Worth, San Antonio, Houston, Tampa, Orlando, Raleigh-Durham, and Charlotte.

Do solar panels need maintenance?

Solar panels generally require very little maintenance in order to function, so yes, you can usually just let them be. The only thing most solar panels need is a periodic light cleaning to make sure dirt, leaves, and other debris aren't obstructing the sun's rays.

What are the benefits of a professional solar panel cleaning?

There's also a professional solar panel cleaning to free your panels of dirt and debris. Cleanings can boost solar production by as much as 35%! Our licensed team of professional solar service technicians install your panel system. That means they know what components to check and what issues to look for.

Do solar panels need to be cleaned?

Be sure to clean the panels early in the morning before they get too hot from the sun; cold water and hot panels do not mix! Solar panel maintenance and cleaning is not covered under panel warranties, but if your solar panels are damaged, they will usually be covered. Do solar panels need to be maintained?

.

Can solar panels be repaired?

Yes, solar panels can be repaired depending on the type of damage, but it's

typically better to replace the damaged panels. Our Service Department can inspect your system to see whether the fix can happen on-site.

Do solar panels have a warranty?

If your solar panel is covered under a warranty, the company that installed it will provide a replacement. A good solar company will give you a warranty of between 15 and 25 years and guarantee that your panels' energy production remains at 80% or above for that entire time.
