# Photovoltaic panel sales pitch

智慧能源储能系统  
Intelligent energy storage system

## Overview

---

First things first, you have to understand your audience to create a high-converting solar sales pitch. Then build an ideal customer profile (ICP) to match. In the solar industry, ICPs are normally: 1. Homeowners: Since renters don't own the homes they live in, they won't want to talk to you about solar. Focus your energy on.

Now that you know who to target, you can begin to craft your door to door solar sales pitch, which should address these three questions: .

We're just going to say it: most solar sales pitch scripts are boring. Why?

Because they start with a generic introduction that's more likely to put prospects to sleep than it is to make them want to.

Going solar is a big decision. The panels are expensive. They're installed on people's homes—likely the largest investments they've ever made. And the technology, while gaining.

Are you trying to sell solar panels to your prospects?

If so, your door to door solar sales pitch will fail. Always remember. You don't sell solar panels, you sell energy-related solutions. This is important because your prospects.

Why are solar sales pitches so boring?

Hopefully, the answer is because your company offers some kind of unique value, such as: Take a moment to think about your company and the ways in which it outperforms the competition. Then use these things in your solar sales pitch. We're just going to say it: most solar sales pitch scripts are boring. Why?

.

Are solar sales pitches a myth?

This journey has unveiled a unique insight: The solar market is as diverse as it

is vast. Different markets require different pitches depending on factors like saturation levels, customer objections, and demographics. The notion of a “one size fits all” pitch?

It’s a myth. Here’s the deal: not every door to door solar sales pitch.

How do you make a good sales pitch?

Here are a few more tips to make sure your reps nail their pitches: Use Data and Visuals: Data and visuals make the benefits of solar come alive. Use them and watch your sales skyrocket. Tell Customer Stories: Customer stories build trust. Prospects will think, “Well, if it helped that guy, why won’t it help me, too?”

”
