Photovoltaic panels installed on rooftop rental contract

 **TAX FREE**    

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

ENERGY STORAGE SYSTEM

Overview

What is a solar photovoltaic (PV) installation?

A solar photovoltaic (PV) installation comes with a proposal and a contract, so if you're thinking about going solar, it's important to understand what you'll be signing.

Should you lease or rent solar panels?

Leasing or renting solar panels is an increasingly popular option for homeowners who want to take advantage of solar energy without the significant upfront costs of purchasing a system. This approach allows you to benefit from clean, renewable energy while avoiding the responsibilities of system ownership and maintenance.

How do I choose a solar lease?

Choose a lease with a solar production guarantee and an estimated energy output in writing. This will help ensure your solar panel system performs as advertised and delivers the value promised by your installer. Consider multiple lease agreements and compare those options with proposals for solar ownership.

Can you sell a solar system under a lease?

Under a solar lease, you won't own your solar system, but will still benefit from its generated electricity. A leased solar system can make selling your home more difficult because the next owner may not want to take over your lease payments. What is a solar lease?

.

Can you get a federal solar tax credit if you lease?

You aren't eligible for the federal solar tax credit if you lease your solar panels, which means you lose out on thousands of dollars of savings. Under a

solar lease, you won't own your solar system, but will still benefit from its generated electricity.

How does a solar installer work?

Typically, a solar installer will work with a separate leasing company to offer a solar lease. The installer is responsible for designing, installing, and maintaining the solar panels. Solar leases are very similar to power purchase agreements (PPAs). With both options, a solar developer installs and owns the solar panels on your roof.
