Power station home New Caledonia

Overview

As of 2004, the power station owner, Prony Énergies, was 75% owned by ENERCAL (Société Neo-Calédonienne d'Énergie, or New Caledonian Electrical Company) and 25% by Elyo (part of the French Suez group, now Engie).

The Goro nickel processing plant is the world's fourth-largest nickel ore producer. It is a key economic driver for New Caledonia, but has had a

In late 2021, the company's CEO said the following about what appeared to be the Goro power station (Google Translate): "Not a single electron will be produced in our power plant by coal by."

What is New Caledonia Energy?

New Caledonia Energy is the entity responsible for developing the project for the new power station that will supply the energy for Société Le Nickel (SLN). The current power station is nearly 50 years old and is highly polluting. The ultimate goal is to have a carbon-neutral plant by 2030, which would be a world first in the mining sector.

Why do we support New Caledonia's energy transition?

We are very proud to support their energy transition, and that of New Caledonia," said Thierry Muller, CEO of TotalEnergies Renewables France. "As industrial firms, we think and act responsibly. Our two companies are committed to protecting natural resources and biodiversity, and to improving the situation of local communities."

What is the role of the Caledonian Energy Agency?

The Caledonian Energy Agency's role is to implement the energy transition scheme set out by the government and to contribute to the development of the electrical system. It also promotes the rational use of energy and the development of renewable energies.

Does Prony resources support decarbonization in New Caledonia?

"Prony Resources New Caledonia's commitment to decarbonization is both

ambitious and pioneering in the industry. We are very proud to support their energy transition, and that of New Caledonia," said Thierry Muller, CEO of TotalEnergies Renewables France. "As industrial firms, we think and act responsibly.

Who is Prony resources New Caledonia?

Prony Resources is our company; a company made up of extraordinary men and women who participate daily in its growth. Prony Resources New Caledonia is a young, forward-looking company and we are committed to decarbonizing our product in order to sustainably participate in the industrial revolution of global mobility.
