Seraphim photovoltaic panel manufacturer

Overview

Seraphim, also known as Jiangsu Seraphim Solar System Co, Ltd, is a Chinese solar panel manufacturer. It was founded in 2011 in Changzhou, China making it a relatively newcomer to the industry.

Seraphim, also known as Jiangsu Seraphim Solar System Co, Ltd, is a Chinese solar panel manufacturer. It was founded in 2011 in Changzhou, China making it a relatively newcomer to the industry.

Seraphim, officially known as Jiangsu Seraphim Solar Systems, emerged as a newer player in the solar panel manufacturing sector, having been established in Changzhou, China, in 2011.

Seraphim Solar is a Chinese manufacturer of tier one panels with an industry leading 15 year product warranty and a 25 year performance warranty.

Seraphim is a Chinese solar panel manufacturer headquartered in Jinzhai, but it has offices scattered across much of the world, including Australia. Who makes Seraphim solar panels?

Seraphim, which is formally known as “Jiangsu Seraphim Solar System Co, Ltd”, is a relatively young solar panel manufacturer, first incorporated in Changzhou, China in 2011. The company is vertically integrated, meaning it manufactures both the solar panels (modules) that go on your roof, as well as the cells that go into those modules.

How many solar panels does Seraphim solar have?

Seraphim Solar currently has 132 solar panels approved by the Clean Energy Council in Australia under the name “Seraphim Solar System Co Ltd”. This is a requirement to be eligible for the federal STC solar rebate.

What is Seraphim solar?

Seraphim Solar produces quality ensured solar cells and a wide range of PV modules suitable for all system types: residential, commercial, industrial, and

utility.

How much do Seraphim solar panels cost?

Seraphim solar panels are competitively priced within the market. For a standard 6 kW solar system using Seraphim panels, the typical cost ranges from \$15,000 to \$20,000, reflecting the current nationwide pricing for solar panels.

Are seraphim solar panels available in Australia?

In mid 2020 Seraphim have increased their push into the Australian market agreeing to a 50 MW solar module supply agreement with the Australian based solar wholesaler and importer Raystech Group. The companies that import Seraphim Solar's panels hold the responsibility for servicing warranty claims in the Australian market.
