Sierra Leone gamco energy

Overview

Does Sierra Leone need a reliable energy supply?

The nationwide electrification rate was recorded at 5% (estimated at 12% in urban areas and 2% in rural areas) in 2018 with roughly 150,000 connected customers. The country's energy needs are hugely under served, and the lack of a reliable energy supply is the primary obstacle to Sierra Leone's development.

How much electricity does Sierra Leone have?

As of March 2019, the installed electricity generation capacity in Sierra Leone was 113 MW. This is made up of 75 MW of hydropower, 4 MW of solar and 34 MW of bioenergy. The nationwide electrification rate was recorded at 5% (estimated at 12% in urban areas and 2% in rural areas) in 2018 with roughly 150,000 connected customers.

Does Sierra Leone need rural electrification?

There is currently no entity in Sierra Leone with a specific mandate to drive rural electrification in the country. This is being run by various departments in the Ministry of Energy and SLEWRC. The 2018-2030 plan, however, has set plans for the formation of a Rural and Peri-Urban Electrification Authority.

What is power Leone?

Power Leone stands as the cornerstone of Energicity's operations. With solar mini grids established in 30 communities, we bring reliable and sustainable power to over 7,000 customers. Sierra Leone Rural Renewable Energy Project.

Could wind energy be a viable option in Sierra Leone?

There is some indication that wind speeds of 12 m/s are possible in parts of the country, implying that wind energy could be a viable option in selected locations. Currently, Sierra Leone has one wind energy system of 5 kW located in the Bonthe District, along the southern coastline.

How many mini-grid sites are being built in Sierra Leone in 2024?

In 2024, Sierra Leone is constructing and commissioning 17 of these mini-grid sites (800 kW). This work is made possible with the support of Sustainable Energy 4 All's Universal Energy Facility. Power Leone Power Leone, founded in 2018, is Energicity's Sierra Leonean subsidiary. Power Leone stands as the cornerstone of Energicity's operations.
