Overview

Who is Jiangsu Runergy?

COMPANY PROFILE Jiangsu Runergy New Energy Technology Co., Ltd, founded in 2015, is one of the most famous and innovative solar technology companies in the world. According to InfoLink Consulting, Runergy has ranked the top three in the world in cell shipments for consecutive three years from 2020 to 202301.

What is Runergy New Energy Technology?

preserving it with photovoltaic energy. To contribute to societal advancement through the creation of clean energy. Runergy New Energy Technology Co., Ltd, founded in 2013, is one of the most famous and innovative solar technology companies in the world.

What makes Runergy unique?

Leveraging solar cell technology expertise, Runergy expanded its presence in the solar industry, with facilities including Ningxia polysilicon plant, Jiangsu cell & ultra-high efficiency cell plants, Jiangsu module plant, Thailand cell & module plant, and Yunnan ultra-high efficiency cell plant, ensuring global client demands are met.

Is Runergy a good company?

According to InfoLink Consulting, Runergy has ranked the top three in the world in cell shipments for consecutive three years from 2020 to 202301. As of the end of 2022, Runergy's global production capacity of large-size high-efficiency cells exceeded 25GW.
