SolarPower Europe and RES Croatia deepen their partnership to

SolarPower Europe and Renewable Energy Sources of Croatia (RES Croatia) have signed a strategic partnership to support solar energy growth in Croatia and the wider region. As Croatia approaches the milestone of 1GW of solar capacity, this partnership reflects a shared commitment to supporting the region's renewable energy ambitions and

Agrisolar Best Practice Guidelines

A dual land-use approach responds to renewable energy production needs, while simultaneously enhancing the value of agricultural production. Specifically, it facilitates climate adaptation measures and increases the agricultural sector's resilience towards climate crises, by providing

optimal protection of crops in extreme weather conditions.
