Solar Photovoltaic Power Generation Scam Live

Overview

Are solar leases and PPAs a scam?

No, not all leases and PPAs are scams. However, they seem to be a breeding ground for deceptive and predatory practices, including the old “government is paying people to go solar” scam. Related reading: [Solar Leases vs. Solar Loans vs. Solar PPAs](#).

Are homeowners paying for solar panels in a lease or PPA?

In short, free solar panel ads are typically for leases and power purchase agreements (PPAs). These arrangements are basically long-term solar system rentals in which the solar company owns the panels and homeowners pay a monthly fee in lieu of their electricity bill. So, are homeowners technically paying for solar panels in a lease or PPA?

No.

How many complaints have been filed with BBB about solar energy companies?

People filed roughly 13,000 complaints with BBB last year about solar energy companies including contractors, equipment dealers and installers. The St. Louis Consumer Fraud Task Force warned about misleading solar sales last year. Remember: Well-intentioned companies will give you time to consider their offer.

Are salespeople flouting the solar tax credit?

Going in with a strong understanding of some key solar topics can help you spot when a salesperson is flouting those guidelines. Salespeople are likely to tout the federal solar tax credit. When you install solar panels (and certain other related technology) you receive a portion of the cost back on your taxes.
