Solar Solutions Ltd

PV Panels and Battery Systems Solar Solutions can assist in the design and implementation of both on-grid & off-grid PV systems. Read more below to find out how you can power your home with solar energy and enjoy the benefits of reduced energy bills.

Choosing solar battery for your home in Malta: the basics

Virtue Solaris has been installing domestic and commercial battery systems in Malta since 2019, both on and off-the-grid, and we have gained considerable experience in selecting the right type of battery system for our customers' needs. Broadly speaking, there are three most common types of battery systems for solar applications:

LUMINOUS ILTT28060 Tubular Inverter Battery (250Ah)

You can power up your home inverter with the Luminous ILTT28060 Tall Tubular Inverter Battery. Its high capacity of 250 Ah and 12 V power offers a long backup and ensures interruption-free operation. Also, as this is a tall tubular type battery, it offers better charge acceptance and long backup for your appliance during power cuts.
