Solar Power Installation at Lowe's

Need backup power at home or on the go? Consider a solar-powered generator. Solar generators for houses don't generate power the same way gas-powered home standby generators, like Generac generators, do. Instead, they collect solar energy via solar panels and store it in lithium-ion and lead-acid batteries for later use. Because a solar

Walk Me Through It: A Step-By-

Step Guide for Consumers Going Solar

Solar energy will help you save on your monthly electricity bills and combat climate change, but what needs to happen to get those solar panels on your roof? Along with understanding the solar installation process, being familiar with your individual circumstances, like the age of your roof, can help you be a more informed solar consumer.
