Solar power government

Overview

What is the \$7 billion solar for all program?

Oops, something went wrong. Check your browser's developer console for more details. Under the \$7 billion Solar for All program, the 60 grant recipients will create new or expand existing low-income solar programs, which will enable over 900,000 households in low-income and disadvantaged communities to benefit from distributed solar energy.

What is solar power in your community?

Solar Power in Your Community serves as a guidebook to assist local government officials and stakeholders in increasing local access to and deployment of solar photovoltaics (PV). This 2022 edition highlights new technologies and strategies to maximize the benefits of solar to all communities.

What is Alaska's solar energy program?

The program will span from urban, residential projects to community-scale, rural projects across Alaska. Implementation of solar infrastructure will reduce greenhouse gas emissions across the state while providing low-income and disadvantaged communities access to renewable energy.

What is solar energy & why is it important?

Solar energy is the fastest growing and most affordable source of new electricity in America. As the cost of solar energy systems dropped significantly, more Americans and businesses have taken advantage of clean energy.

What is the Solar for all program?

The Solar for All program also advances President Biden's Justice40 Initiative, which set the goal that 40% of the overall benefits of certain federal climate, clean energy, affordable and sustainable housing, and other investments flow

to disadvantaged communities that are marginalized by underinvestment and overburdened by pollution.

How much will solar energy save a community?

This \$7 billion investment will generate over \$350 million in annual savings on electric bills for overburdened households. The program will reduce 30 million metric tons of carbon dioxide equivalent emissions cumulatively, from over four gigawatts of solar energy capacity unlocked for low-income communities over five years.
