Solar water buoyancy generator patent

Solar water buoyancy generator patent

(19) United States (12) Patent Application Publication (10) ...

the buoyant object in the water, the generator being disposed outside the water; and a pulley disposed on the seafloor, the pulley to guide the tether from the motor and the generator to

Experimental Analysis of Gravity and Buoyancy Powered ...

...

an experimental analysis of a buoyancy generation and storage system. Tests were performed under standard laboratory conditions with the primary fluid being chlo-rinated municipal tap ...

Connection pin for floating of solar power generating on water

The water photovoltaic device is a solar module 100, a buoyant body 200 for fixing the solar module floating on the surface of the solar module 100 in a fixed state, the peripheral of the ...

What attempts have been made to create generators based on

Getting back to your specific question: If you look at a generator with buoyancy and gravity, at some point it's going to go through a full cycle- you sink a balloon and the water rises, then ...
