St Kitts and Nevis clear energy solar

Overview

Does St Kitts and Nevis have a national energy policy?

Yes, St. Kitts and Nevis has a National Energy Policy (NEP). The key provisions of this policy include connecting large-scale independent power providers and many distributed renewable energy systems to the electrical grid. Not all generation is made publically available; this chart provides known and referenceable data.

Does St. Kitts have solar power?

St. Kitts has both grid-powered induction lighting and solar-powered street lights in place along roadways. A 1 MW solar photovoltaic farm offsets 100% of the electricity at the main airport.

How much does electricity cost in St Kitts & Nevis?

The electricity rates in the Federation of St. Christopher (St. Kitts) and Nevis are \$0.26 per kilowatt-hour (kWh). This is lower than the Caribbean regional average of \$0.33/kWh.

How much energy is lost in St Kitts & Nevis?

Reports indicate that in St. Kitts and Nevis, higher losses are largely attributable to nontechnical losses such as unmetered consumption, leading to losses that are higher than the U.S. Energy Information Administration's average transmission and distribution loss of 6%. By comparison, the U.S. Energy Information Administration reports an average transmission and distribution loss of 6%.

St Kitts and Nevis clear energy solar

ST. KITTS AND NEVIS LEADS THE WAY IN RENEWABLE ENERGY ...

At a brief but historic ceremony on Wednesday, June 15, 2022, to kick off the SOLEC Leclanché Solar Farm, Jomo Williams, General Manager of the St. Kitts Electricity Company (SKELEC), hailed the initiative a significant step towards achieving clean renewable energy for the Federation.

Winter Weather in Saint Kitts and Nevis St. Kitts & Nevis

The winter in Saint Kitts and Nevis experiences decreasing cloud cover, with the percentage of time that the sky is overcast or mostly cloudy decreasing from 36% to 25%. The lowest chance of overcast or mostly cloudy conditions is 20% on January 13.. The clearest day of the winter is January 13, with clear, mostly clear, or partly cloudy conditions 80% of the time.
