Sweden northvolt ab

Overview

Northvolt AB is a Swedish battery developer and manufacturer, specialising in for . Founded in 2015 by two former Tesla executives, it commissioned its first manufacturing plant in , Sweden in 2021 and has announced plans for five others in Europe and North America.

Who is Northvolt AB?

Northvolt AB is a Swedish battery developer and manufacturer, specialising in lithium-ion technology for electric vehicles. Founded in 2015 by two former Tesla executives, it commissioned its first manufacturing plant in Skellefteå, Sweden in 2021 and has announced plans for five others in Europe and North America.

What happened to Northvolt AB?

Swedish battery cell maker Northvolt AB, which produces battery cells for electric vehicles (EVs), has announced that it has filed for Chapter 11 bankruptcy in the US. This is being seen as a significant hit to the European domestic electric vehicle industry, as the company was the most developed battery manufacturer on the continent.

Where is Northvolt located?

The headquarters of Northvolt are in Stockholm. Its center for research and development is situated in Västerås, Sweden. Northvolt Ett (swedish: "one") is a gigafactory located in Skellefteå, northern Sweden, with a goal output of 60GWh.

Why did Northvolt lay off 1600 employees in Sweden?

On Monday, Northvolt laid off 1,600 of its employees in Sweden. Here is the background to the battery giant's crisis. In the autumn of 2017, Northvolt announced that it had chosen Skellefteå for its first large battery factory.

Is Northvolt AB a good battery manufacturer?

This is being seen as a significant hit to the European domestic electric vehicle

industry, as the company was the most developed battery manufacturer on the continent. Northvolt AB produces lithium-ion, lithium-metal and sodium-ion cells for e-mobility and energy storage, amongst other purposes.

Where are Northvolt batteries made?

Northvolt AB produces lithium-ion, lithium-metal and sodium-ion cells for e-mobility and energy storage, amongst other purposes. The company's flagship battery gigafactory, Northvolt Ett, is located in Skellefteå, Sweden.
