# Switzerland lumus solar

## Overview

---

Are Lumos LSX & GSX solar panels weatherproof?

Lumos LSX and GSX Module systems can be easily weatherproofed using a 3M specialty tape. Why are Lumos Solar panels the best solar panels available?

Our LSX & GSX panels are both transparent glass allowing light to pass through the space in between the solar cells, creating beautiful dappled light.

Why do solar panels work in Switzerland?

High up in the Swiss mountains, the atmosphere is rarer, solar radiation stronger, and in winter the snow can reflect the sunlight. Romande Energie is the company behind the project. According to the founders, the unique alpine conditions are what allow the solar panels to act so efficiently.

Can solar power power a lake in Switzerland?

This lake already serves as a hydropower station but is now harvesting additional solar power. High up in the Swiss mountains, the atmosphere is rarer, solar radiation stronger, and in winter the snow can reflect the sunlight. Romande Energie is the company behind the project.

## Lumos Solar Panels

Lumos Solar modules are ideal for canopies, awnings, BIPV, carports, bus shelters, greenhouses and many other installations that call for passive natural, ambient light and active solar power production. Lumos module systems' are backed by a 10-year workmanship and 30-year linear power production warranty. All

Lumos solar panels are UL

## From Generators to Solar Energy: the Power Revolution is Here

By using solar power solutions, Lumos users can reduce their dependence on fossil fuels, decreasing their carbon emissions in the process. Indeed, Lumos uses solar power that produces no greenhouse gases, toxic pollutants, or other harmful emissions.

## MTN Mobile Electricity , Lumos Solar Home System , SolarKobo

The kit works as a hybrid solar inverter system. Learn about hybrid inverters here. Though it can only be charged through solar panels, it is still able to store energy produced through the solar panel in an in-built battery for subsequent use to maximize self-consumption. Average charge time is six (6) hours. The warranty period is 5 years.
