Tender for Luhu Wind Power Station

Overview

Where can I find information on wind power tenders?

For more information on tenders in individual countries, click on the name of the country you are interested in if it displays in blue. We are constantly updating this information. Check out Windpower Monthly's Global Regions page, with an interactive list of markets and their wind power capacities, for a closer look at your chosen region.

Will NamPower build a 50 MW Lüderitz wind power plant?

On March 4, 2022, NamPower issued an open international call for bids for the construction of the 50 MW Lüderitz wind IPP power plant under a build-own-operate framework. The bidding round ended on July 29, 2022, with a total of five bids submitted.

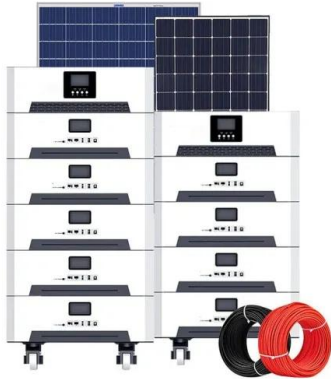

Where is the Lüderitz wind power plant project located?

The N\$1.40 billion Lüderitz Wind Power Plant Project will be developed roughly 16 kilometres south of Lüderitz Town.

What challenges are facing the offshore wind industry?

However, the offshore wind sector is currently facing unprecedented challenges. Escalating costs, increasing interest rates, and a constrained supply chain have led to project delays and cancellations, putting the industry to the test.
