

European Solar and Energy Storage Solutions

Timor-Leste subsea battery pack

Overview

What is a Li-ion rechargeable battery for offshore subsea electronics?

High-Performance, highly reliable and highest-safety Li-ion rechargeable battery for offshore subsea electronics. With a design life up to 25 years, the batteries are qualified according to API17F, international or company specific standards. The batteries can be additionally qualified to UN T38.3 upon request.

What is an opt subsea battery?

The OPT Subsea Battery is an economical and reliable way to power subsea payloads with energy stored in high capacity, zero-maintenance, and environmentally friendly (no heavy metals) lithium-iron phosphate (LiFeP04) batteries. All-steel pressure vessel is designed to ASME standards for a 10-year life.

How long does a subsea battery last?

The solidly constructed all-steel pressure vessel is designed to ASME standards for a 10-year life and is tested and rated for use in up to 500 meters maximum water depth. The Subsea Battery solution features 132 kWh total nominal capacity with up to 15 kW peak power delivery.

What is a subsea battery?

The Subsea Battery solution features 132 kWh total nominal capacity with up to 15 kW peak power delivery. LiFeP04 batteries have extremely low self-discharge rates while in standby mode, storage or transport, as compared to other chemistries.

How many charge/discharge cycles can a subsea battery support?

Under normal operating conditions the Subsea Battery solution supports thousands of charge/discharge cycles. Designed to integrate with OPT's PB3 PowerBuoy® and Hybrid PowerBuoy® products, the Subsea Battery solution

can also be utilized as a standalone power source or can be configured for recharge by other sources.

What types of batteries are available for a subsea ups?

Typical applications for our Subsea UPS: We offer a wide range of COTS (Commercial Off The Shelf) and customised battery solutions. 127 mm (w/o conn.) 220 mm (w/o conn.) 300 mm (w/o conn.) Specialised batteries designed for borehole-applications and harsh environments. Resistant to riser fluids, high temperature and high pressure.

Timor-Leste subsea battery pack

Timor Leste Lithium Ion Cell and Battery Pack Market (2024

Timor Leste Lithium Ion Cell and Battery Pack Market is expected to grow during 2023-2029
 Timor Leste Lithium Ion Cell and Battery Pack Market (2024 - 2029) , Trends, Outlook & Forecast Toggle navigation

Medical Device Battery Pack Manufacturers

In the world of medical devices, battery-powered equipment is a growing sector of modern healthcare, providing vital support and functionality across a spectrum of applications, both in the hospital and in the home. From Oxygen Concentrators to Lifters & Mobility Equipment, Respiratory Care devices, and Surgical Drills, the demand for reliable and high-performance ...

Single Phase Hybrid

- 5 Year Warranty Period
- Global Leading Inverter Brand
- Top 3 World Single Phase PV Inverter Supplier

Battery Management Systems

Our team, headed by a dedicated project manager, develops your custom battery pack design from concept through to manufacturing. Working collaboratively with your team, we work through DFMEA, drawings, PFMEA, PPAP submissions, ...

Cygnus Underwater

Cygnus' original diver-held subsea multiple-echo ultrasonic thickness meter, designed for use by divers undertaking subsea maintenance and surveys 3 decades ago... and today it is still an industry standard. 9.4 x 3.4 inch (inc. battery pack and transducer head) Weight: 35 oz (inc. batteries) Operating Temp. 14°F to 122°F: Environmental

Subsea Power Systems & Battery Packs

The Imenco Nautronix range of Subsea Power Systems and Battery Packs provide a highly reliable energy source designed for a range of applications in harsh subsea offshore environments. Single battery pack modules are available and can be supplied as multiples in a range of packages. Designed for up to 10 years deployment each configuration

SeaBattery® Power Module , DeepSea

The subsea community has relied on our SeaBattery Power Module for over 30 years. The durable design works in the most demanding subsea applications. This battery has a pressure compensated design and an 11,000 m depth rating. 12V, 24V, and ...

Timor Leste Battery Pack for Marine Hybrid & Full Electric ...

Timor Leste Battery Pack for Marine Hybrid & Full Electric Propulsion Market is expected to grow during 2023-2029 Timor Leste Battery Pack for Marine Hybrid & Full Electric Propulsion ...

Subsea Batteries

The SEAPOWER(TM) long endurance pressure-neutral batteries can be used with most vehicles and subsea power applications. The batteries can be easily connected to form power banks of over 1 MW through the use of Kraken Smart Power-Comms Rails. Kraken's Fast Charger minimizes mission downtime by supporting parallel recharging of multiple batteries.

- LIQUID/AIR COOLING
- INTELLIGENT INTEGRATION
- PROTECTION IP54/IP55
- BATTERY /6000 CYCLES

Bayu-Undan Gas and Condensate Field, Timor Sea, Timor-Leste

As per the treaty, Timor-Leste has sole jurisdiction over the Bayu-Undan upstream facilities and contract area, the export pipeline from Bayu-Undan to Darwin LPG falls under Australia's jurisdiction. A subsea well was brought on stream in 2015, two platform wells and a subsea well subsequently came on stream in 2018.

OCEANOGRAPHIC, MARINE & SUBSEA BATTERY PACKS

Specialists in the design, manufacture and supply of standard and custom battery packs to marine and subsea manufacturers, we have

worked on numerous projects requiring dependable, long-lasting batteries designed to withstand extreme conditions and guarantee the faultless operation of ...

Custom 18650 Battery Pack Manufacturing

Alexander Battery Technologies provides each customer with a cell or cell options for their new project, potentially based on a huge number of factors. The common choices provided will be whether a 21700 battery pack or an 18650 battery pack is the preferred option. The choice made at this stage will directly drive the performance of your

custom battery pack - Subsea Oil and Gas Directory

Subsea Oil and Gas Directory. The Subsea Industry Knowledge Base Menu. Home; Company Directory. Timor Sea; Drilling Rigs. Drillships; Jackup; SemiSub Drilling Rigs; Drill Barge; Tag; custom battery pack. Posted on November 5, 2019 January 26, 2020 Company Directory.

Subsea Power Systems & Battery Packs

The Imenco Nautronix range of Subsea Power Systems and Battery Packs provide a highly reliable energy source designed for a range of applications in harsh subsea offshore environments. Imenco Nautronix has an

extensive track record providing subsea electronic systems powered by a range of energy sources including highly efficient battery packs.

Electronica 2024

As a trusted leader in lithium-ion battery packs, we specialise in the design and manufacturing of custom battery packs for OEMs, with over 40 years of expertise and more than 15 million products delivered globally. Our commitment to innovation and quality ensures OEMs receive reliable, high-performance solutions that meet their unique power requirements.

E-Mobility Battery Pack Manufacturers

The eMobility market is a hugely varied and rapidly growing market with a wide range of applications that have extremely high performance demands on the custom battery pack itself. Demand spans across a spectrum of applications, ranging from e-Scooters and e-Bikes to electric motorbikes, electric cars, construction equipment, marine vessels, and industrial machinery.

Subsea Batteries

High-Performance, highly reliable and highest-safety Li-ion rechargeable battery for offshore subsea electronics. With a design life up to 25 years, the batteries are qualified according to API17F, international or company specific

standards.
